4. Other NP questionnaires.

Andrew Thompson – External Planning Consultant

As the project develops we are likely to need additional voluntary help in a number of sub group activities. At present we have identified the following:

1. Questionnaire analysis – this will require both clerical and computing skills in order to analyse all the returns.
2. A small social group who are prepared to assist with fund raising, and organise simple catering for consultation meetings, at various locations, for both residents and external consultees.
3. Future distribution of literature to every household.
4. Any surveys which may be required in order to provide an 'evidence base' for the NP.

If you are prepared to volunteer please contact one of the above.

The Steering Group is focussing on two key activities:

1. Delivering a Neighbourhood Plan in the shortest possible time.
2. Obtaining appropriate grant funding.

We will endeavour to self fund part of the costs involved in order to demonstrate '**our community commitment**' to deliver a NP for the future benefit of all the residents of Weston & Basford.
